Equality of opportunity

- Including British Values

Policy statement

We will ensure that our service is fully inclusive in meeting the needs of all children. We recognise that children and their families come from diverse backgrounds. All families have needs and values that arise from their social and economic, ethnic and cultural or religious backgrounds. Children grow up in diverse family structures that include two parent and one parent families; some children have two parents of the same sex.

Some children have close links with extended families of grandparents, aunts, uncles and cousins while others may be more removed from close kin or may live with other relatives or foster carers. Some children have needs that arise from disability or impairment or may have parents that are affected by disability or impairment.

Some children come from families who experience social exclusion or severe hardship; some have to face discrimination and prejudice because of their ethnicity, the languages they speak, their religious or belief background, their gender or their impairment.

We understand that these factors affect the well-being of children and can impact on their learning and attainment.

Our setting is committed to anti-discriminatory practice to promote equality of opportunity and valuing diversity for all children and families.

We aim to:

- provide a secure and accessible environment in which all our children can flourish and in which all contributions are considered and valued;
- include and value the contribution of all families to our understanding of equality and diversity;

- provide positive non-stereotyping information about gender roles and diverse family structures, diverse ethnic and cultural groups and disabled people;
- improve our knowledge and understanding of issues of anti-discriminatory practice, promoting equality and valuing diversity;
- challenge and eliminate discriminatory actions;
- make inclusion a thread that runs through all of the activities of the setting; and
- foster good relations between all communities.

- We review our practices to ensure that we are fully implementing our policy for promoting equality, valuing diversity and inclusion.

Curriculum

The curriculum offered in the setting encourages children to develop positive attitudes about themselves as well as to people who are different from themselves. It encourages children to empathise with others and to begin to develop the skills of critical thinking.

Our environment is as accessible as possible for all visitors and service users. If access to the settings is found to treat disabled children or adults less favourably then we make reasonable adjustments to accommodate the needs of disabled children and adults. We do this by:

- making children feel valued and good about themselves and others;
- ensuring that children have equality of access to learning;
- undertaking an access audit to establish if the setting is accessible to all children;
- making adjustments to the environment and resources to accommodate a wide range of learning, physical and sensory impairments;
- making appropriate provision within the curriculum to ensure each child receives the widest possible opportunity to develop their skills and abilities, e.g. recognising the different learning styles of girls and boys;
- positively reflecting the widest possible range of communities in the choice of resources;
- avoiding stereotypes or derogatory images in the selection of books or other visual materials;
- celebrating a wide range of festivals;
- creating an environment of mutual respect and tolerance;
- differentiating the curriculum to meet children's special educational needs;
- helping children to understand that discriminatory behaviour and remarks are hurtful and unacceptable;
- ensuring that the curriculum offered is inclusive of children with special educational needs and children with disabilities;

- ensuring that children speaking languages other than English are supported in the maintenance and development of their home languages.

Valuing diversity in families

- We welcome the diversity of family lifestyles and work with all families.
- We encourage children to contribute stories of their everyday life to the setting.
- We encourage mothers, fathers and other carers to take part in the life of the setting and to contribute fully.
- For families who speak languages in addition to English, we will develop means to ensure their full inclusion.
- We offer a flexible payment system for families of differing means and offer information regarding sources of financial support.
- We take positive action to encourage disadvantaged and under-represented groups to use the setting.

Food

- We work in partnership with parents to ensure that dietary requirements of children that arise from their medical, religious or cultural needs are met.
- We help children to learn about a range of food, and of cultural approaches to mealtimes and eating, and to respect the differences among them.

Meetings

- Meetings are arranged to ensure that all families who wish to may be involved in the running of the setting.
- We positively encourage fathers to be involved in the setting especially those fathers who do not live with the child.
- Information about meetings is communicated in a variety of ways - written, verbal and in translation - to ensure that all mothers and fathers have information about and access to the meetings.

Monitoring and reviewing

- To ensure our policies and procedures remain effective we will monitor and review them annually to ensure our strategies meets the overall aims to promote equality, inclusion and valuing diversity.
- We provide a complaints procedure and a complaints summary record for parents to see.

British values

The DfE have recently reinforced the need “to create and enforce a clear and rigorous expectation on all schools to promote the fundamental British values of democracy, the rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs.”

We believe that the EYFS already provides a solid foundation to encourage a child's understanding and acceptance that we live in diverse communities with many different cultures and lifestyles.

We listen to children's and parent's voice. Parent questionnaires are completed and acted upon. Children are given opportunities to make choices and decisions. We consistently reinforce our high expectations of children. Children are taught the value and reasons behind our expectations (rules) that they are there to protect us, that everyone has a responsibility and that there are consequences when rules are broken.

Democracy

Children at Stepping Stones Childcare & Education CIC listen to each other through small group games and experiences. We have 'Our Rules' which children had input on. We have a behaviour policy which staff must adhere to and we all then have the same expectations of children's behaviour.

Individual Liberty

Within the setting children make choices; where children choose their own resources. Children get to know what resources we have and will ask adults to help them. We have a daily routine where children can access child or adult led activities based on their own interests; we have a rolling snack time where children choose when they would like their snack, within the set period.

Mutual Respect

We learn rules such as sharing, taking turns and routines of the day. Adults support children in their learning of these values.

The Rule of Law

We have visits from local police officers who tell us about their jobs and how they keep us safe; we also have a visit to the fire station to find out about what they do. Staff all work together so children understand the rules and boundaries within the setting and the world around us, so children can have a safe environment to play in.

Tolerance of those of different Faiths and Beliefs

Through knowledge and understanding of the world we celebrate different cultures and beliefs. In our learning and routines at Pre-School we promote tolerance and understanding while celebrating British values, this will help children respect other cultures while developing a sense of national identity. We celebrate Harvest Festival and

Easter, we celebrate British traditions such as May Day and the Royal Family events, Armistice day, Christmas, mothers/father's day and we also observe traditions from other cultures such as Chinese New Year and Diwali.
